Please add the “Event” page as well in the header.

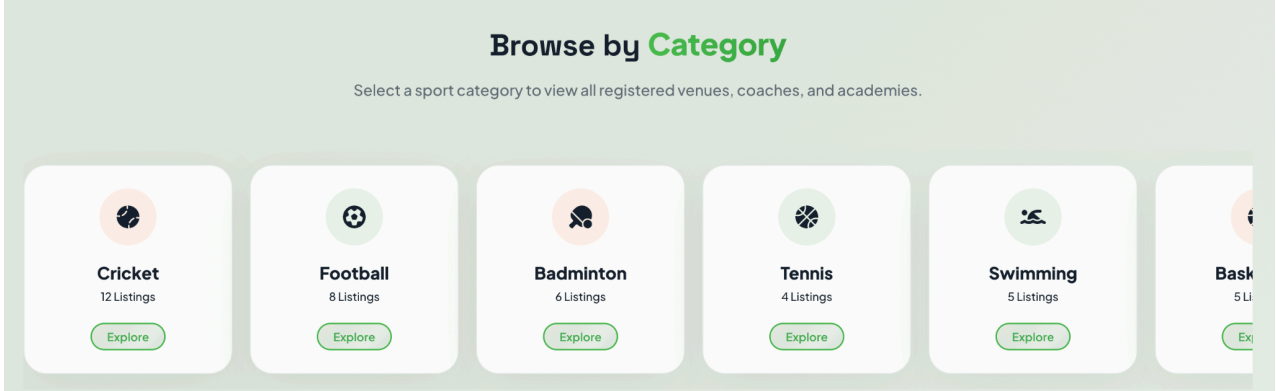

This looks too small; the font size needs to be increased

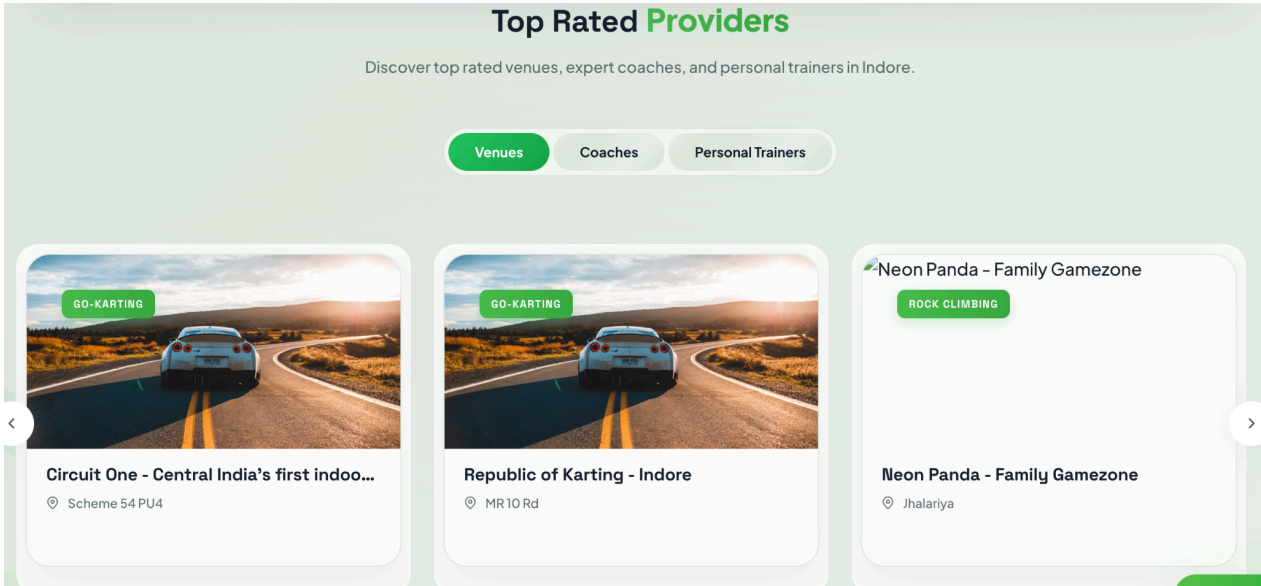

Can we add the emojis of relevant sports here?

We have to show all the categories; scrolling will give the user doubts: do they have that sport or not?

We have to show everything here without user action. Matlab user ke action ke bina apne ko 3 vertical slider lgana h taki sabhi 3 modules ki listing show ho sake. Kyunki user se click karwayenge to engagement thoda kam ho skta h.

Iski jarurat nahi h aur yadi CTA ke liye laga rhe h to fir tino module ke button hona chahiye but waha nahi hona chahiye ekdm bich me acha nahi lag rha h

Turf ka address/map aur reviews image par nahi dikhana hai, image ke niche display karna hai. Address ko keval ek hi baar display karna hai , jiske niche map laga rahega directions ke liye...
